

Antena DRH370 - Características gerais

<i>Product identification</i>	
Product Name	DRH370
Product Category	Double Ridged Horn Antenna
<i>Electrical specifications</i>	
Frequency Range	370 MHz – 6 GHz
VSWR (max.)	< 1.6
VSWR (avg.)	1.2
Impedance	50 Ohm
Connector	N (female)
Power (CW / Peak)	350 W / 500 W
Antenna Factor	17 – 33 dB/m
Polarization	Linear
<i>Physical specifications</i>	
Width	370mm (14.57 in)
Height	485 mm (19.09 in)
Depth	285 mm (11.22 in)
Weight	3.5 kg (7.7 lb)
<i>Operating conditions</i>	
Rated Temperature Range	0°C – +50°C
Storage Temperature Range	-20°C – +70°C
<i>Technical performance</i>	
Wide bandwidth	
Low return loss	
Individual calibration	
Suitable for EMC/EMI applications	
<i>Manufacturing technology</i>	
High quality N type coaxial connector
